INDEPENDENT AUDITOR'S REPORT

To the Members of the Village Council Village of Camden Camden, Michigan

We have audited the accompanying general purpose financial statements of the Village of Camden as of and for the year ended February 29, 2004, as listed in the table of contents. These general purpose financial statements are the responsibility of the Village's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Village of Camden, as of February 29, 2004, and the results of its operations and the cash flows of its proprietary fund types for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated August 26, 2004, on our consideration of the Village of Camden's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Village of Camden. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

Bally Hodshine+Company A.C.
Jonesville, Michigan

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Village of Camden comprises a population of approximately 550 residents in Hillsdale County, Michigan. It is governed by a seven-member council with a president as its head. The Village provides the following services as authorized by its charter: Fire Protection, Cemetery and Park Maintenance, Street Maintenance, and Water and Sewer Service. As required by generally accepted accounting principles, these financial statements present the Village of Camden (the primary government) and its component unit.

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body.

Discretely Presented Component Unit - The component unit columns in the combined financial statements include the financial data of the Village's component unit. This unit is reported in a separate column to emphasize that it is legally separate from the Village.

The Local Development Finance Authority (LDFA) was created under Public Act 281 of 1986 of the State of Michigan. The LDFA's purpose is to stimulate economic growth, increase employment in the Village, and broaden the local tax base. The budget of the entity requires the Village's approval, and its main revenue source (tax increment financing) is a financial burden to the Village.

Basis of Presentation

The accounts of the Village are organized on the basis of funds and account groups. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Account groups are a reporting device to account for certain assets and liabilities of the governmental funds not recorded directly in those funds. The various funds and account groups of the Village are as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for specified purposes.

Proprietary Funds

Enterprise Funds - Enterprise Funds report operations that provide services which are financed primarily by user charges, or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes. Only Financial Accounting Standards Board statements issued prior to November 30, 1989 have been applied to the proprietary funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Account Groups

General Fixed Assets Group of Accounts - This account group presents fixed assets of the Village utilized in its general operations.

General Long-Term Debt Group of Accounts - This account group presents the balance of general long-term debt which is not recorded in proprietary funds.

Total columns on the combined statements are captioned "memo only" to indicate that they are presented only to aid in financial analysis. Interfund eliminations have not been made in the aggregation of this data; therefore, it is not comparable to a consolidation.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types are presented using the flow of current financial resources measurement focus. With this measurement focus, operating statements present increases and decreases in net current assets, and unreserved fund balance is a measure of available spendable resources.

The governmental fund types use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenue is recognized when susceptible to accrual (i.e. when it is "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt and certain compensated absences which are recognized when paid.

Property taxes, State revenue sharing, interest, and special assessments are susceptible to accrual. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Other receipts become measurable and available when cash is received by the Village and are recognized as revenue at that time.

The accrual basis of accounting is utilized by proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time the liability is incurred.

The component unit utilizes the modified accrual basis of accounting.

Budgets

Budgets were adopted for revenue and expenditures in the General Fund and Special Revenue Funds on a modified accrual basis. Once approved, the Village Council may amend the budgets when modifications are required in estimated revenues and expenditures. Encumbrance accounting is not used, and all annual appropriations lapse at fiscal year-end. The amended budgets are presented in these financial statements. Actual expenditures may not legally exceed budgeted amounts nor may the Village budget have a fund deficit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Investments

Cash and investments are reported at cost. For purposes of the statement of cash flows, the Village considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Fixed Assets

Fixed assets are accounted for at cost or if the cost is not practicably determinable, at estimated cost. Donated fixed assets are recorded at their estimated fair value at the time received. Assets in the general fixed assets account group are not depreciated. Depreciation of buildings, equipment, and vehicles in the proprietary fund types is computed using the straight-line method over the estimated useful lives of the assets, ranging from 10-40 years. The Village has elected not to report public domain or infrastructure fixed assets that are immovable and of value only to the Village government.

Reservations of Fund Equity

Portions of fund equity are reserved for specific future use, and are, therefore, not available for general appropriation or expenditure. Fund equity reserves represent those amounts which are legally, contractually or otherwise segregated for future use.

Property Taxes

Property tax revenue is recognized in the amount of taxes levied.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

P.A. 621 of 1978, Section 18 (i), as amended, provides that a local unit shall not incur expenditures in excess of the annual appropriation. In the body of the financial statements, the Village's actual expenditures and budgeted expenditures for the budgetary funds have been shown on a functional basis as approved and adopted by the Village Board.

During the year ended February 29, 2004, the Village incurred expenditures in certain budgetary funds that were in excess of the amount appropriated. These variances are as follows:

	Budget	Actual	<u>Variance</u>
General fund			
Advertising	\$ 200	\$ 549	\$ 349
Elections	200	296	96
Repair and Maintenance	10,975	16,546	5,571
Utilities and Telephone	11,284	15,236	3,952
Insurance	7,662	12,098	4,436
Professional Services	13,000	31,462	18,462
Payroll Expense	14,800	39,096	24,296
Special revenue funds			
Miscellaneous Expense	0	85	85
Capital Outlay	0	65,343	65,343

3. CASH AND INVESTMENTS

Following are the components of the Village's bank deposits at February 29, 2004:

Checking Accounts	\$ 358,668
Savings Accounts	76,378
Certificates of Deposit	335,556
Total	\$ 770,602

The carrying amount of the Village's bank deposits was \$770,602 and the bank's balance was \$771,693 at February 29, 2004. Of the total bank balance, \$268,902 was covered by federal depository insurance and \$502,791 was uninsured.

Act 217, P.A. 1982 authorizes the Village to invest funds in one or more of the following: (a) bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States; (b) certificates of deposit, savings accounts, deposit accounts, or depository receipts of a Federally insured financial institution which maintains a principal office or branch office in the state of Michigan; (c) commercial paper rated within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase; (d) United States government or Federal agency obligation repurchase agreements; (e) banker's acceptance of United States banks; (f) obligations of the State of Michigan or any of its political subdivisions that are rated as investment grade by not less than one standard rating service; (g) mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles which are legal for investment by a public corporation; (h) obligations described above if purchased through an interlocal agreement under the Urban Cooperations Act of 1967; (i) investment pools organized under the Surplus Funds Investment Pool Act, 1982; (j) investment pools organized under the Local Government Investment Pool Act, 1985. As of February 29, 2004, the Village's investments are in accordance with statutory authority.

4. PROPERTY TAXES

Real estate and personal property taxes are recorded as revenue in amounts equal to the total taxes levied. The total levy for 2003 was 9.7363 mills - 8.8092 mills allocated to General Fund, and .9271 mills allocated to Cemetery. The 2003 total state taxable value was approximately \$5,539,008. Village properties are assessed as of the preceding July 31 (the lien date) - taxes levied July 1 of the succeeding year and are due without interest to September 15. After the final collection date, unpaid real property taxes are added to the county delinquent tax rolls. Personal property taxes unpaid continue to be collected by the Village Treasurer.

5. RESTRICTED ASSETS

Certain assets in the sewer fund are set aside and classified as restricted on the balance sheet because their use is limited by applicable bond covenants. The "bond and interest redemption" account is used to segregate resources accumulated for debt service payments. The "bond reserve" account is used to report resources set aside to make up potential future deficiencies in payment of bond principal and interest.

6. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets and similar component unit fixed assets is as follows:

Balance			Balance
2/28/2003	Additions	Deletions	2/29/2004
\$ 163,460	\$ 0	\$ 0	\$ 163,460
270,860	68,468	0	339,328
\$ 434,320	\$ 68,468	\$ 0	\$ 502,788
	2/28/2003 \$ 163,460 270,860	2/28/2003 Additions \$ 163,460 \$ 0 _ 270,860 _ 68,468	2/28/2003 Additions Deletions \$ 163,460 \$ 0 \$ 0 270,860 68,468 0

Property and equipment recorded in the proprietary funds at February 29, 2004, follows:

Plant & Equipment Accumulated Depreciation	<u>Water</u>	<u>Sewer</u>	Total
	\$ 490,023	\$ 892,472	\$ 1,382,495
	(215,048)	(368,779)	(583,827)
Total	\$ 274,975	\$ 523,693	\$ 798,668

Total depreciation expense for the year was \$10,675 for the Water Fund, and \$17,951 or the Sewer Fund.

7. INTERFUND RECEIVABLES AND PAYABLES

The amounts of interfund receivables and payables at February 29, 2004 were as follows:

Fund General	Interfund Receivable \$ 8,317 56,388 40,861 5,654 500 6,051 3,110	Fund Cemetery Fire Water Major Street Local Street Parks Sewer	Interfund Payable \$ 8,317 56,388 40,861 5,654 500 6,051 3,110
Fire LDFA Sewer Water Cemetery	8,237 16,321 4,583 3,444 979	General	8,237 16,321 4,583 3,444 979
Local Street	549	Major Street	549
Fire	7,000	Water	7,000
Water	_11,429 \$173,423	Sewer	_11,429 \$173,423

8. LONG-TERM DEBT

The following is a summary of the long-term debt transactions of the Village for the year:

	Balance March 1, 2003	Additions	Reductions	Balance February 29, 2004
General Long Term Debt Note payable, Kubota financing	\$ 21,009	\$ 0	\$ 7,907	\$ 13,012

Following is a summary of principal maturities on the Kubota tractor:

Year ending	
February 29	Amount
2005	\$ 8,559
2006	4,453
	\$ 13,012

Proprietary Funds Revenue Bonds	Balance March 1, 2003	Additions	Balance Reductions February 29, 2004
	\$ 431,000	\$ 3,000	\$ (4,000) \$ 430,000

Revenue Bonds - The Village has a bond issue with the United States Department of Agriculture which funded the sewer project. These are revenue bond issues, whereby revenue derived from the utility system is used to pay the debt service.

Annual debt service requirements to maturity as of February 29, 2004, are as follows:

Sewer Fund - \$ 525,000 Revenue Bond Issue

Year ending			
February 29	Principal	Interest	Total
2005	\$ 4,000	\$ 19,890	\$ 23,890
2006	4,000	19,710	23,710
2007	5,000	19,508	24,508
2008	5,000	19,282	24,282
2009-2013	28,000	92,835	120,835
2014-2018	35,000	85,793	120,793
2019-2023	44,000	76,950	120,950
2024-2028	54,000	65,925	119,925
2029-2033	69,000	52,087	121,087
2034-2038	86,000	34,785	120,785
2039-2043	<u>96,000</u>	12,960	_108,960
Totals	\$ 430,000	\$ 499,725	\$ 929,725

VILLAGE OF CAMDEN NOTES TO FINANCIAL STATEMENTS

February 29, 2004

9. SEGMENT INFORMATION - ENTERPRISE FUNDS

The Village maintains two utility funds which provide water and sewer services. Segment information for the year ended February 29, 2004 is as follows:

	Water Fund	Sewer Fund	<u>Total</u>
Operating Revenue	\$ 54,829	\$ 62,927	\$ 117,756
Depreciation Expense	10,675	17,951	28,626
Operating Income	34,812	31,520	66,332
Net Income (Loss)	35,287	13,084	48,371
Contributions From Other Funds	0	0	0
Property, Plant and Equipment Addition	ns 66,461	48,558	115,019
Net Working Capital	96,544	129,372	225,916
Total Assets	420,316	737,283	1,157,599
Bonds and Contract Payable	0	430,000	430,000
Total Equity	371,519	272,288	643,807

10. RISK MANAGEMENT

The Village is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical benefits provided to employees. The Village has purchased commercial insurance for each of these areas of risk and there have been no significant reduction in insurance coverages. Settled claims have not exceeded the amount of insurance coverage for the current or the three prior years.

11. ENVIRONMENTAL REMEDIATION

During the past three years, the Village has been working with the State of Michigan Department of Environmental Quality (DEQ) and contracted engineers on a sewer lagoon project in response to overspills occurring with its sewer lagoon. During the course of the project the Village has been penalized \$22,500 by the DEQ for failure to comply with project deadlines. A penalty of \$12,500 was paid in the 2001-02 fiscal year, and \$10,000 was paid in the 2002-2003 year. A two-phase project was instituted to correct the problem. As of February 29, 2004 Phase I of the project which consisted of sealing joints, repairing manholes, upgrading storm sewers, and repairing the lagoon fields was substantially complete. The Village intends on beginning Phase II of the project which will include additions to the existing lagoon system, installation of water meters, and upgrades to the system pump stations.

12. SUBSEQUENT EVENTS

The Village was notified that disbursements had not been made by the Village for the county, township, and school district portions of the payments in lieu of taxes that were received by the Village from Deardorf Apartments for the past three tax years. The amount due at February 29, 2004 to the other governmental agencies was \$19,240 and is shown as part of accounts payable in the general fund.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Village Council Village of Camden Camden, Michigan

We have audited the general purpose financial statements of the Village of Camden as of and for the year ended February 29, 2004, and have issued our report thereon dated August 26, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Village of Camden's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. We noted certain immaterial instances of noncompliance that we have reported to management in a separate letter dated August 26, 2004.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Village of Camden's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However we noted other matters involving the internal control over financial reporting that we have reported to management of the Village of Camden in a separate letter dated August 26, 2004.

LOCAL AUDIT & FINANCE CO.

To the Members of the Village Council Village of Camden Camden, MI 49232

In connection with our audit of the Village of Camden for the year ended February 29, 2004, we would like to make the following comments and recommendations:

- 1. Payments for goods and services should only be made from vendor <u>invoices</u>, not vendor statements. The statements usually do not have necessary details of the expenditures.
- 2. Copies of invoices or some form of support should be retained for all disbursements of Village funds. General ledger account numbers should be coded on these invoice copies to provide a proper audit trail.
- 3. Act 51 Financial Reports should be submitted on a timely basis to avoid withholding of payments by the State of Michigan.
- 4. There were accounts that had expenditures in excess of budgeted amounts, which is a violation of State budgeting laws. We recommend that all budgets be reviewed and amended as necessary to prevent over-expenditure in any line item.
- 5. As noted in previous audits, the Local Development Finance Authority (LDFA) has remained dormant for several years. Taxpayer dollars are captured by the LDFA from the Village, the Township, the School District, and the County to be used for the purposes outlined in the LDFA development plan. We recommend that a board of directors be appointed to utilize these outside funds for the benefit of the Village.
- 6. The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, which makes dramatic changes to the way local governments report their finances to the public. These changes include presenting a financial statement on the full accrual basis of accounting (i.e. one that includes fixed assets, infrastructure, depreciation, and long-term debt) and the addition of Management's Discussion and Analysis (MD&A) at the beginning of the financial statements. MD&A is an analysis of the financial condition and operating results of the government written by its financial managers. The general provisions of GASB No. 34 must be implemented by the Village for the fiscal year ending February 28, 2005.
